Comments:

I want to register my opposition to this project. I wanted to connect online and was not able to do so. It has been very frustrating to try and fail at some thing that should be very easy.

Please see my recent email to the Selectman for the full details of this objection. Simply put, it is my opinion and that of many other people that these trucks will eliminate all chances of Grafton remaining a desirable location. Grafton's proximity to the MA pike and the commuter rail has become a huge attraction to commuters from the east. many of the surrounding towns already have declared these projects unacceptable. I hope that we will too. I think that mega companies ought to stop their land grab in residential towns. The town needs to consider this property as a growth opportunity.
